Basically, a short book about a penguin explaining his undying kinda stalkerish, I must say affection for a hippo. Throughout the book, the hippo looks totally dumbstruck by all this attention. If you're coming at it from a different angle, I guess it might be kinda creepy the scene with the penguin shining a flashlight at the sleeping hippo comes to mind, but as my nieces know this is Not Really Appropriate Behaviour that just, to them, makes it funnier. Found the song downloadable somewhere to be a little uninspired though shrugs A sweet, simple story that rivals our old Boynton favorite snuggle puppy The story is all about how much better things are when we are together I love the page that says I want to travel with you far and wide there is a drawing same style as all Boynton books of the hippo and the penguin in a hot air balloon with a real life photograph a little blurry of mountain tops and clouds in the background. With Snuggle Puppy, we never heard the song I made up my own tune for it I tried to download the penguin song and only got 17 seconds worth. I just read the book, no singing But when I am done reading, I walk around the house singing my own personal penguin song to the tune of Depeche Mode's Personal Jesus your own, personal, penguin someone to be by your side, and look when you hide do do dododdodoyour own, personal, penguin someone there to give you a hug, or step on a bug do do dododooo. This is one of the books I read all the time to my wee bitty boy Boynton's books generally have a wonderful sense of whimsy and wistfulness that make them excellent to read over and over That being

said, I haven't learned the song accompaniment because I always sing it to the tune of Depeche Mode's Personal Jesus, which seems thematically fitting to the Penguin's serious boundary issues with Hippo. I usually end the tale by hypothesizing that Hippo might perhaps tell Penguin that they can be friends, but that it would be healthier for everyone involved if Penguin also had his own life and some other friends too. My family loves this book. It's definitely a sing-along book with everyone singing, including the two-year-old. There should be a read and re-read bookshelf tag option and this book definitely belongs there. I love this book. I have a copy of it at home. Read this to Rose for the first time 8/21/2015. So many baby smiles. I downloaded the song immediately. Sandra Boynton is our jam. We love her. This book has singing, a hippo and a very devoted penguin, what does a book really need. ReadToNibbling. I had never heard the Monkees song, so my initial impression was that the song didn't have the easy fun rhythm I've come to expect from Sandra Boynton books and no, it doesn't really work to use the tune of Depeche Mode's Personal Jesus. Your Personal Penguin Is An Irrepressible, Read Aloud, Listen Along Favorite For Young Children And The Grown Ups Who Read To Them. Fun To Hold, The Book Tells The Story Of A Slightly Bewildered Hippo And The Loyal Penguin Who Wants Nothing Than To Be His Pal Now, Lots Of Other Penguins Seem To Be Fine In A Universe Of Nothing But Ice. But If I Could Be Yours, And You Could Be Mine, Our Cozy Little World Would Be Twice As Nice. I Want To Be Your Personal Penguin. The Original Song Your Personal Penguin, Sung By Davy Jones Of The Monkees, Is Available For Download.
