Posted on 06 October 2019 By Edgar Allan Poe

This Volume Contains A Collection Of Some Of The Best Short Stories Ever Written By Edgar Allan Poe A Master Of The Macabre, Poe Exhibits His Literary Prowess In These Classic Short Stories Contained Within This Volume Are The Following The Gold Bug, The Murders In The Rue Morgue, The Balloon Hoax, The Purloined Letter, A Descent Into The Maelstrom, The Black Cat, The Fall Of The House Of Usher, The Masque Of The Red Death, The Cask Of Amontillado, The Pit And The Pendulum, And The Tell Tale Heart I read all the stories in one night What fun Mr. Poe and I have It is 2 45 am and time for me to turn out the light I guess I will find out just how much fun it truly was or how frightening. I have a feeling it will be the latter As long as I don't think about the cat I should survive the night..fingers crossed You know a book's bad when you can't even bring yourself to speed read it The Gold Bug read 17th 18th April 2012 This is such an effortless, fluent, fantastically formed short story A curious story about a hunt for treasure, and a code breaking pirate map Great detail has gone into the execution of the tale, and I have just read that it was the apparent inspiration of R L Stevenson's Treasure Island which I had no idea about, but is easy to see why The Murders In The Rue Morgue read 7th May The first detective story Truly fascinating, this short story is clearly the inspiration for Conan Doyle's Study In Scarlet As the first true detective in fiction, the Dupin character established many literary devices which would

be used in future fictional detectives including Sherlock Holmes and Hercule Poirot Many later characters, for example, follow Poe s model of the brilliant detective, his personal friend who serves as narrator, and the final revelation being presented before the reasoning that leads up to it wikipedia In fact Dr Watson even compares Sherlock to Dupin in Scarlet , You remind me of Edgar Allen Poe s Dupin I had no idea that such individuals did exist outside of stories to which, as you would expect, Holmes replies with chagrin that Dupin was inferior, showy and superficialBut really Rue Morgue is very similar to Scarlet , the eccentric detective, the baffled inspector, and the companion as narrator, in awe of it all Loved this but glad that Conan Doyle didn t resort to a Orang Utan We all have our favorites. A short and satisfying read With Poe s obsession with the subject of death, this never seemed dull There is than one premature burial The characters are, let s just say, unusual Unlike some of the most memorable characters who are dead, this book has a pulse. ummmmmmm, i guess i just got into the emo mood with the two last stories the narrative lost me sometimes i really really liked the tell tale heart review to be revised upon studying in class As usual it was short but not w sweetthere is an amazing balance of pain pleasure The Tell Tale Heart is a story from this collection that would work well in an 8th grade classroom It involves a speaker justifying his recent murder of a man with an unusual eye It could work in tandem with The Landlady in an investigation of the horror literary genre Instead of using The Tell Tale Heart as a model text for student work, students could do a Text Reformulation of the story Most effectively, students could do an illustration or a graphic novel type reformulation to imagine how different elements of the story might look in real life The illustration aspect would highlight the imagery in the story and help readers to discern what is real for the narrator and what is imagined In a classroom focusing on the concept of interdependence, this can help students investigate how the narrator depends on both what is real in his world and what is imagined, and how those distinctions are debatable based on the readers interpretation of the text If each student is tasked to make a representation of the story individually before discussing the content with peers and the full class, their own interpretation will shine through This will uncover the

interdependence not only between what is real and imagined in the world of The Tell Tale Heart, but also how a reader and a text depend on one another to communicate a main idea, message, and content This activity would be multi faceted and stretch students imaginations while also helping them to understand the reliance within and between text and reader. I have read a variety of genres and authors over the years, but never Poe and decided that it was time I did it in an effort to expand my knowledge base How many authors out there are truly known by one name You can say I am reading Poe, and everyone knows who you are talking about.All in all I spent entirely too long reading this collection, but it is worth it just to say I did it.Like any collection of short stories this was a mixed collection Poe is very descriptive and his knowledge base is boundless Some of the stories were easy to read and follow Some of the stories were downright excruciating to read and finish, but I made it through every story even though some of them didn t make much sense mainly because of the differences in the English language 150 years later There is something here for everyone.The Gold Bug, The Cask of Amontillado, and The Black Cat were by far my favorites.
