

[Epub] 🐧 Love, Mama Author Jeanette Bradley – Soccerjerseys-wholesale.co

Posted on 20 April 2017 By Jeanette Bradley

Penguins are perennial favorites, especially for the youngest audiences In this case, the anthropomorphized animals clothing, house, furniture, toys, etc make baby Kipling that much appealing This is not only lovely and entertaining, it is a must have for any families with a deployed or otherwise traveling Mama Missing and longing are dealt with directly, the comfort of sending messages packages keepsakes is made clear, providing comfort both in the sending and in the receiving Along the way there are charming illustrations and text to incorporate essential and difficult positional language in a natural way across the wide ocean, through day and night, from earth to sky and back again, etc. The most reassuring aspect of the story is the resolution, in which Mama does come home. Hey, is NO ONE BUT ME bothered by the fact that Mama goes sauntering off and leaves her adorable chick, for whom her love stretches across the wide ocean, through day and night, from earth to sky and back again, and LEAVES HIM ALONE Yes, I know a real penguin mom might do this, but anthropomorphic penguins, who live in houses, wear clothes, etc are supposed to fill in universally for children Would any of the folks gushing sentimentally about this book really leave their kids alone and sail off on a trip This reminds me of Love You Forever in its saccharine sentimentality And what s meant to be reassuring as in Mamas always comes back, is ruined by the need for Child Protective Services to zip on out to the ice floe and check on this poor little guy. With A Heartwarming Story And Tender Illustrations, Jeanette Bradley S Debut Picture Book Love, Mama Is Perfect For Valentine S Day,

Mother's Day, And Any Day When A Child Needs A Reminder Of The Strength Of A Mother's Love When Mama Leaves Her Young Penguin Kipling, He Knows She'll Return Home Soon Yet He Still Can't Help But Miss Her After All, Pillow Mama Won't Read, Picture Mama Won't Laugh, And Snow Mama Is Too Cold To Cuddle But Then Kipling Receives A Special Delivery From Mama, Including A Note That Reads My Love For You Stretches Across The Wide Ocean, through Day and Night, from Earth To Sky and Back Again And Kipling Knows That No Matter Where Mama Is, He Is Loved Soon, Mama Comes Home, And Kipling Ends The Day Where He Belongs Right In Her Arms A sweet tale of separation and return when Mama goes on a trip, Kipling knows she'll be back soon, but still can't seem to shake his no-Mama blues Then a special package arrives This charming little penguin story is a great way for parents to talk to their kids about trips or separations The illustrations are very emotive the snow-mama spread made me tear up A picture book that works well even for very young children my three-year-old wanted to read it four times in a row. Warm, reassuring, and nicely understated. Adorable book that teaches youngsters that while parents sometimes might go away, they will always come back home again. This review was originally written for The Baby Bookworm Visit us for new picture books reviews daily Hello, friends Our book today is Love, Mama by Jeanette Bradley, a darling tribute to the unconditional love between mother and child. Little Kipling the penguin is feeling pretty down His Mama is on a long sea voyage, and he misses her terribly He even tries to make substitutes, but it's just not the same Pillow Mama can't read to him, Picture Mama doesn't laugh at his jokes, and Snow Mama's hugs are far too cold But his real Mama knows that Kipling is missing her, and she sends him a care package of lovely gifts, including a paper heart she's made and picture of her hugging that heart Kipling feels better knowing that even if his Mama is far away, her love for him will travel whatever distance is between them to be where he is. Adorable and sweet Kipling and his Mama's story has a theme familiar to any mother and child that no matter what may separate them, a mother's love is absolute Adding the element of physical distance makes this a valuable story for children who may live separately from their moms, or have moms who must travel these sorts of stories

are common for fathers, so it's nice that long distance moms have this to share with their little ones. The illustrations are charming and sweet, featuring round and cuddly characters in a palette of soft colors, adding to the sentimental vibe of the book. The length is fine, JJ loves anything with penguins, and well, I always love a book about a mommy and little one. A gentle tale to warm the heart, and it's Baby Bookworm approved. Note: A copy of this book was provided to The Baby Bookworm by the publisher in exchange for an honest review. Be sure to check out The Baby Bookworm for reviews. The best thing about this story is the illustrations. The baby penguin is adorable, and their emotions are clearly displayed on each page. However, the story just has too many holes for me. On the first page, Mama leaves. She says she will be home soon. But then she doesn't come home for dinner or bedtime and we see the baby penguin going through the motions alone. When I see this I start to wonder if this was a book about expected death. Then the baby penguin goes from looking for Mama to having substitute mamas: a pillow and pictures. I actually wondered if pages had been ripped from my copy. There is such a dramatic shift from looking for Mama to having a pillow with glasses like hers and no explanation. Things get a little better when a package arrives, and it shows all the steps that were taken for it to get from Mama to Kipling. In the end, Mama does come home apparently she was on a big ship fishing don't research. But we don't know if she will leave again. And where is Dad during all this? No other parents are mentioned in the text. We only know there is an adult around because on a few pages there is an adult penguin standing beside the baby. Nope, this story is not for me. Kipling misses his mama so much when she heads out to sea. He is thrilled to get a box from her that reminds him of her love for him. A nicely new take on an old theme of separation and loneliness, with vivid language and sweet pictures. Full review with teaching tools. I am such a sucker for penguin books. And a penguin book about a son's love for his mama melted my heart. And I can see so many different times this book will come in handy to read to Trent including when I have to leave for longer than a day, when he asks how much I love him, or if he asks why I need to leave. The author complimented her sweet text so nicely with soft, detailed illustrations that help support the mood of the

story Trent and I have already read this than once, and I know there will be reads in the future.
