

❄ [EPUB] ❄ Behemoth By H.P. Newquist → – Soccerjerseys-wholesale.co

Posted on 10 January 2019 By H.P. Newquist

Behemoth is a horror book where a town is haunted by something creepy. Nearly everyone has seen it at one point or another but they are all afraid of it. Behemoth is a really creepy novel that shows you where religion can sometimes take you. Even though it is supposed to lift you up it can also lead you down the wrong path if you interpret things the wrong way. The book begins with a few passages from the bible, all concerning the existence of a fearsome creature whose only purpose is to remind mankind of their lowly place in God's plan. As with all faiths, there are those followers who pick and choose what rules to follow and how strictly they adhere to the rules. At the other end of the spectrum, there are the religious zealots, those who very clearly see the line drawn in the sand, those who follow the bible without question. The inhabitants of small town Morris are the latter. Ruled by descendants of the original settlers, and naturally unwelcoming to outsiders, they have some very strange rituals and one very dark secret. When a passing journalist stops for gas and strikes up a friendly conversation with the young daughter of the gas station owner, his interest in the small town is piqued. Much to his misfortune

Despite cover ups and a lack of help from most of the locals, a series of unfortunate occurrences set him on a collision course with the town rulers, and the horrifying creature they worship. Protagonist Robert Garrahan, editor for prestigious newspaper the New York Globe and author, is a level headed man He believes in stone cold facts and takes the world at face value If he can t see something, or it doesn t have two corroborating sources, he treats it with the kind of scepticism we would expect from a newspaperman Despite the insistence of the Morris locals who seek his help, he refuses to believe in the existence of the titular Behemoth But the reader knows different, thanks to the third person point of view and alternating chapters These are often very short and conducive for a reader who can only read a book in short bursts On the other hand, it could also lead readers to think Just one chapter There are a few instances where the story seems to wander from the main thrust of the narrative But these are generally few and far between and the main storyline is compelling enough to keep us wondering what will happen next By the time Garrahan has seen enough to realise that there is certainly something sinister going on in Morris, we are gripped and fully invested in the outcome The scenes with the creature are genuinely terrifying and filled with dread, thanks to Newquist s use of setting and descriptive language And the antagonists, especially Malden and Leonard, are suitably sinister While Malden is driven by the belief that he is doing the Lord s work, Leonard is simply evil But both are very believable characters and could well have been taken from real life It all makes for an immersive and terrifying read, complete with a mysterious and scary creature, and an examination of the dangers of religious extremism in small town America Behemoth is God s greatest creature One of his most terrifying According to Job, Chapter 40, Verses 15 to 18, Behemoth was made at the same time as man It was monstrously large and extremely powerful and God put that beast here specifically to remind us there are creatures powerful than man This Biblical reference about a creature that may, purportedly, still be walking the earth is just chilling Quite frankly, it speaks to all the supposed sightings of creatures such as Bigfoot, Ye Behemoth is God s greatest creature One of his most terrifying According to Job, Chapter 40, Verses 15 to 18, Behemoth was

made at the same time as man It was monstrously large and extremely powerful and God put that beast here specifically to remind us there are creatures powerful than man This Biblical reference about a creature that may, purportedly, still be walking the earth is just chilling Quite frankly, it speaks to all the supposed sightings of creatures such as Bigfoot, Yeti, Abominable Snowman, Skinwalker, etc that represents mythical beings which may still be amongst us all Author HP Newquist knows monsters well and he uses said Behemoth as a central point in his latest novel of the same name The action begins on a spring night when three teen aged boys are driving around the upstate New York village of Morris Of course, they find the blockades that are up nightly which keep anyone from driving in or out of Morris The boys drive where they shouldn't get the car stuck on what appears to be a burial site in the middle of a field and are each disposed of in horrific fashion by a wild creature they cannot fully see in the darkness of the night. A news reporter from New York City has a small place upstate outside of Morris where he goes on weekends to work on his novel He stops at the small gas station in Morris each time he is heading back downstate for a fill up Robert Garrahan is his name, and he gets to know on a very surface level the father and daughter that run the small gas station You can imagine Garrahan's surprise when the father from the gas station, Bruce Donohue, shows up at his NYC office just days after his last visit Bruce spews forth with much detail that initially sounds like the ranting of an insane person He and his daughter, Abby, had snuck away from Morris against the orders of those who oversee the village He goes on to talk about people disappearing from Morris and neighboring towns, without a trace Homes in Morris are all locked up with iron gates for protection against something Then, there is the ritual, which involves one of the youngsters of Morris being selected annually as a sacrifice to the brutal being they know as Behemoth. It all sounds a little far fetched to Garrahan that is until his partner is murdered in their apartment and he is confronted by an extremely frightening man named Malden who seems to be the leader in Morris He asks Garrahan to come up to Morris and do research that they have been unable to do about the town's history, the mysterious deaths of a group of priests which seemed to have started everything, and report

back with his findings Only then will he agree to release Garrahan and the Donohue s, without any need for sacrifice However, what Garrahan finds in Morris is indeed the stuff of biblical, almost Lovecraftian horror, and it is very much for real. BEHEMOTH is old school gothic horror, historical horror mixed with modern world superstitions and prejudices, and that makes things that much chilling Newquist has created a fine horror novel that dares to be called literary historical fiction and entertains the reader from start to finish. Reviewed by Ray Palen for JournalStone Hell Notes Behemoth is a book written by HP Newquist It takes us on a journey with our main protagonist, Robert Garrahan, who is a Journalist from New York City Garrahan stumbles upon a small town, Morris, in upstate New York, which has its many secrets The book itself is written in a journal form with corresponding dates and times that the events in the book take place The book starts with a huge bang and it steamrolls all throughout its entirety From the build of the story, to the descriptions of th Behemoth is a book written by HP Newquist It takes us on a journey with our main protagonist, Robert Garrahan, who is a Journalist from New York City Garrahan stumbles upon a small town, Morris, in upstate New York, which has its many secrets The book itself is written in a journal form with corresponding dates and times that the events in the book take place The book starts with a huge bang and it steamrolls all throughout its entirety From the build of the story, to the descriptions of the characters, the setting of the scenes, and let s not forget the way the monster is described The pure detail in which its described sent chills up my spine to where I thought I might need a priest or my momma to come hold my hand All of those things combined creates one of the best books I ve read in a very long time I look forward to reading from the author If Behemoth is an example of his work, I m looking forward to reading Check out reviews at horrorbound.net Full review on gloriamcneelywriter.com A monster of biblical proportions that brings out the worst in it s worshipers, Behemoth will make you wonder about that strange town down the road and it s even stranger inhabitants. This book focused a little too much on the characters researching rather than progressing the story while time was of the essence However, it was still enjoyable and kept me interested until the end. Behemoth by H.P Newquist is

a tale that centers around a biblical monster and a town that will do everything they can to appease the beast Full disclosure I was given a free copy of this book by the author in exchange for an honest review This did not affect my rating in any way. When the story begins, we meet a man that is traveling between New York City and his cabin out in the country As he stops for gas one day, he meets a young girl that is interested in the radio station he s playing fr Behemoth by H.P Newquist is a tale that centers around a biblical monster and a town that will do everything they can to appease the beast Full disclosure I was given a free copy of this book by the author in exchange for an honest review This did not affect my rating in any way. When the story begins, we meet a man that is traveling between New York City and his cabin out in the country As he stops for gas one day, he meets a young girl that is interested in the radio station he s playing from his car He s struck by her charm and curiosity and stops in to the gas station each time he is driving through One day, she isn t there Neither is her father The man that has taken their place says he doesn t know who they were. Our main character is curious and senses something is very wrong Shortly afterward, he becomes wrapped up in quite the dangerous situation. Man, there is just something about horror novels centered around religion that gives me the willies I m not religious, but I did grow up going to Sunday School I know lots of the stories from the bible, I ve sung many of the religious songs But the second my parents gave me permission to stop going to Sunday School and church, I was done Since then, I ve been working on my beliefs and they all center around fate and karma rather than a specific religious icon. Anyway, just thinking about what people will do in the name of their beliefs without a second thought or an ounce of empathy is truly terrifying to me and that was certainly the case here. My Favorite Passages He almost got enough air into his throat to scream Almost The thing attacked him. Don t make light of something you don t understand That s stupidity. The shadow moved oddly, like a flock of birds or a swarm of bees It was slithering and flying at the same time. Information from the past was being lost every single day, all over the world People were taking knowledge with them to their graves. My Final Thoughts This tale will make your blood boil, but you won t be able to stop reading until the mystery is

finally resolved It was filled with horror, suspense, a deeply twisted mystery, sacrifices, and murder Phew What a roller coaster ride this one was If you enjoy horror tales with a dark religious focus, I would very highly recommend this one to you Excellent 1st novel by veteran science writer This is a gripping first novel by one of my favorite science writers HP Newquist grabs your attention in the first few pages and doesn't let go until the very end Behemoth is a nice combination of horror and wry humor, interspersed with twists and turns as the characters travel through fictional towns in New England and Upstate NY. I'm ready for novel 2 Behemoth has a decent opening sequence and goes rapidly downhill from that moment on, with there being very little worth recommending in this novel. You can read Tony's full review at Horror DNA by clicking [here](#) Behemoth has a decent opening sequence and goes rapidly downhill from that moment on, with there being very little worth recommending in this novel. I'm not a fan of the frequently overused phrase unputdownable but there really is no other way to describe this book. We open up following a trio of young men going for a joyride and ending up on the small town of Morris The town has an odd reputation No one goes out at night and no one leaves the town The boys crash the car which breaks a centuries old boundary, keeping the Edited as review is now live on Kendall Reviews Big thanks to Pete and Bloodshot Books for sending this my way. I'm not a fan of the frequently overused phrase unputdownable but there really is no other way to describe this book. We open up following a trio of young men going for a joyride and ending up on the small town of Morris The town has an odd reputation No one goes out at night and no one leaves the town The boys crash the car which breaks a centuries old boundary, keeping the monster of Morris within its confines. From there, Newquist deftly weaves a thriller with a creature feature This is HP's 1st novel of fiction, but he has released over 20 non-fiction releases, and it shows he has the confidence to push the envelope and keep the reader guessing. The story continues to progress throughout, and one thing I found that really made it riveting was the short and snappy chapters I kept wanting to keep flipping, keep

reading as I was dragged further and further into the mysterious history of Morris. If I was to comment on a negative or something that didn't gel spoiler free there's a few unanswered questions, which I can only hope we find out the answers too in the future. This was easily a 5 star read, and if my list wasn't already submitted, I'd have it on my top reads of the year list, easily. Really can't recommend this enough

A DEADLY ACCIDENT After Losing Three Local Boys To A Devastating Car Crash In The Upstate Village Of Morris, New York, The Neighboring Town Of Ashford Suffers Even Tragedy Over The Next Couple Of Weeks When Several Townspeople Mysteriously Vanish In The Middle Of The Night Sensing That There S A Rational Explanation, However Strange It May Be, Local Reporter Robert Garrahan Decides To Get To The Bottom Of The Matter

A DESPERATE FATHER Initially, He Only Digs Up Little Than Small Town Gossip Until A Desperate Man Tells Garrahan That His Daughter Will Be The Next To Disappear Amid Rambling Stories Of Monsters And Strange Rituals, The Father Tries To Convince Garrahan That The Town Is Rife With Danger When Yet Another Accident Forces Garrahan To Look Into His Wild Claims, What He Finds Are Secrets Beyond Comprehension

A BIBLICAL PROPHECY The Extent Of Morris S Horrific History Are Finally Revealed From Townspeople Who Abide The Loss Of A Little Girl To Whispers Of A Nightmarish Creature Lurking In The Woods And, Ultimately, To A Dogmatic Priest Who Adheres To Ancient Rituals Regarding The Mythical Behemoth, Garrahan Realizes Too Late That He Has Been Chosen As The Next One To Disappear Can He Avoid His Fate Or Is He Doomed To Be The Latest Sacrifice
