

?Epub? ► The Mountain ► Author Steven Konkoly – Soccerjerseys-wholesale.co

Posted on 01 January 2018 By Steven Konkoly

I don't know how Ryan Decker survives pretty much unscathed in all his escapades. I'm glad Senator Steele uses her wealth for good, but I can't imagine having that kind of money to fund their operations. I like the members of the team, and felt like they were fleshed out in this book. But this book is pretty much about the action, and there's plenty of it to keep you up at night reading.

Investigating A Missing Person's Case On Murder Mountain Means Looking For Trouble In A Propulsive Thriller By The Author Of The Raid When Someone Disappears On Northern California's Lawless Murder Mountain, It Isn't News The Vast Terrain For Illegal Marijuana Harvests Is Also A Notorious Black Hole For Outsiders But When That Someone Is The Family Friend Of The Persuasive And Righteous Senator Steele, Finding Him Becomes Covert Investigator Ryan Decker's Mission. For Decker, The Risks Of Infiltrating A Multibillion Dollar Outlaw Industry Are Greater Than He Could Possibly Understand Especially When That Industry Has Flourished Into The Profitable Backbone Of A Secretive And Influential DC Based Think Tank And Protecting Its Untraceable Revenue In The Emerald Triangle Is A Band Of Ruthless White Nationalists What Begins As A Seemingly Straightforward Favor Soon Pulls Decker And His Partner, Harlow Mackenzie, Into A High Stakes Conspiracy Linked To The Most Cold Blooded Puppet Masters And Power Brokers In The Country The Harder Decker And Harlow Work To Expose The Insidious Faction, The Harder It'll Be To Make It Out Of Murder Mountain Alive Ryan Decker is back in this third installment in the series, and the action and body count is

higher than ever Decker and his crew are tasked with investigating the disappearance of the son of a friend of Senator Steele, their group's benefactor. The investigation leads to a multi-billion dollar marijuana operation, and in true Decker fashion, everything soon goes to hell. Another great story in the series, lots of action, and as usual really over the top gun battles, but fans will be extremely pleased with the action in this one, and the ending sets up the next book, which is great to see. Another win in a highly entertaining series. I received an ARC of this book from the publisher through NetGalley in exchange for an honest review. Not his best work but action scenes were good, as was the storyline. I will look forward to his next book. Book 3 does not disappoint. If you enjoyed the first 2, the action picks right back up in this Ryan Decker adventure. I enjoy these books and the military speak is not overdone. Can't wait for the next book. Another awesome Ryan Decker book. Hired once again by Senator Steele, this time to find the missing son of her long-time friend, Decker and his team get into what they bargained for. While searching for the boy, they stumble upon a billion-dollar crop of marijuana. The men financing the drug business are not going to close up and surrender without the fight of their lives. This book had everything you would expect from a Steven Konkoly novel, drugs, gun fights, bombs and lots of fast-paced action. Another awesome Ryan Decker book. book in exchange for my honest review This book is the third in the Ryan Decker series Though it isn't required to read the first two books in the series, I seriously don't know why you wouldn't. Someone disappearing on Murder Mountain isn't exactly news Reports of missing persons come in through each grow season, their numbers inflated because most people don't call back and report their loved ones found once the season ends But when Senator Steele calls our favorite band of misfits, they investigate. Brett Hale is missing, and his mother and Senator Steele go way back It's no stretch to imagine, she's calling in a favor Decker and his band of misfit toys strap in for a trip to Northern California to investigate in Humboldt County a place even local law enforcement typically skirts. Decker is currently benched, after misbehaving during a recent case, so the investigation is better than sitting behind a desk What sounds like a simple missing person's case turns into something nefarious, as it only can when Ryan Decker is involved. The Mountain does a deep dive into the illegal marijuana grow industry in Humboldt County and gives us a deeper look into Decker and crew as people and operators There's an almost unmentionable amount of romance, a lot of humor, and plenty of ways for people to be offended It's rude Konkoly was asked to tone down his prodigious use of foul language, after receiving negative reviews for The Rescue He's done a fantastic job of toning things down to appease those easily offended, while keeping it real enough for those of us who aren't truly civilians This novel is an action-packed thriller, featuring technical information on gun specs, military jargon, and special operations If any of those things offend you, this isn't the book for you If you're like me, and have lived and breathed this life since diapers, you'll enjoy the camaraderie Konkoly shows us between the mercs and likely recognize someone you know and love. Konkoly is a master of his craft,

and I can't wait for I received this book through the Read Now program on NetGalley. Ryan Decker and Pam had just been on a simple surveillance when it erupted into a shootout. Because of that, both Ryan wound up on restricted duty. The team receives a call from Senator Steele who makes a request that they check out the disappearance of the son of one of the Senator's friends. The last location for him was the place identified as the Mountain where a lot of marijuana plants were being grown. Pam and Ryan went to check I received this book through the Read Now program on NetGalley. Ryan Decker and Pam had just been on a simple surveillance when it erupted into a shootout. Because of that, both Ryan wound up on restricted duty. The team receives a call from Senator Steele who makes a request that they check out the disappearance of the son of one of the Senator's friends. The last location for him was the place identified as the Mountain where a lot of marijuana plants were being grown. Pam and Ryan went to check into the disappearance and their visit to the Mountain raised some feathers. Ryan and Pam received a visit from members of the wolfpack who attempted to kill them. Pam was heavily wounded and only action by Ryan ultimately saved her. It took awhile before Ryan's team mates became aware of the situation, but once they learned about it, they sent a group to look into the situation. Once they arrived, they were able to get cooperation from the Sheriff, things started to progress. The group overseeing the marijuana operation had big plans and they needed to make sure that they were able to transport the plants to another location for processing. Ryan and the rest of the team, in addition to the Sheriff's department were able to force the group off of the Mountain to the other location where there was a plan in place that would ultimately wind up with an attack occurring. If you want to find out what group was involved in the marijuana operation and how Ryan's group fared, then you will need to read the book which I recommend highly. Ryan Decker and trouble meet again. Things to know I read an advance copy of this, the third book, in an ongoing series. It should be available to everyone on July 14, 2020. I highly recommend reading the first two books, in the meantime, to gain a better understanding of the main characters and the background for their interactions. In case you or someone in your family is sensitive, you should know

there is violence and adult language Plus, there are mentions of drugs and human trafficking. Ry Ryan Decker and trouble meet again. Things to know I read an advance copy of this, the third book, in an ongoing series It should be available to everyone on July 14, 2020 I highly recommend reading the first two books, in the meantime, to gain a better understanding of the main characters and the background for their interactions In case you or someone in your family is sensitive, you should know there is violence and adult language Plus, there are mentions of drugs and human trafficking. Ryan Decker doesn't go looking for trouble but in his line of work it often finds him While awaiting a ruling from his local area law enforcement on a situation that got out of hand, he and Harlow receive a call from Senator Steele regarding a missing person The catch, the person was last seen in an area of California known for people disappearing and never returning Always up for a challenge, Decker scopes out the situation Did he bite off than he could chew this time Mr Konkoly does a wonderful job of varying the point of view The reader has the opportunity to get to know all the players and where they fit into the bigger picture As I read the finally words, I knew I have to read the next book I'm looking forward to doing just that I hope you'll join me
